DIAMOND TREAD ROLL-OUT FLOORING

FEATURES

G-Floor® Roll-out Flooring by Better Life Technology is signature line of high quality vinyl flooring purposefully-designed for easy installation and maintenance and perfect for both residential and commercial applications. G-Floor is made with single piece construction so there are no weak points, for long lasting beauty and protection. This waterproof flooring can be used to cover old stained floors or used to prevent future damage. It is so easy to install, just roll out and trim if needed. Mats can be joined together for a full wall to wall installation. Once installed, your G-Floor adds the perfect layer of protection against everyday accidents. It is resistant to common chemicals, so you no longer have to worry about oil leaks or road salt, just quickly wipe up with a damp mop or mild detergent or vinyl floor cleaner for a deeper clean. G-Floor Roll-out Flooring will provide years of protection and look good doing it.

Diamond Tread Texture offers rugged and industrial look, classic to a garage style workspace and provides strong traction for a slip resistant surface. Use the as a parking pad for your vehicle, or install multiple rolls for wall-to-wall coverage. The long-lasting vinyl offers superior protection against common debris and liquids found in garages and work rooms. From battery acid to antifreeze, salt to mud, G-Floor Roll-out Flooring will keep your concrete floors safe and protected. Upgrade your garage, man cave, utility room, and more with the rugged look of G-Floor Diamond Tread texture.

Diamond Tread is a rugged texture made up of standardized diamonds, which are 1.125in in length and 0.625in apart with a 0.030in relief, aligned diagonally in a 180° alternating pattern.
